A note to the Parents:

Hello, and welcome to SFX (SUMMER) Theatre Club! My name is Corey Mills. I have been active in theatre since I was 7 years old. I attended Ball State University in Indiana for Musical Theatre and Dance. I moved to Chicago 11 years ago and have been following my passion ever since. I have been directing and choreographing at SFX Theatre Club for the past 6 years. I have worked as a theatre educator for over 20 with several theatres throughout the Midwest. I am currently the Artistic Director of Cult Camp Productions, and will soon be an artistic director and designer with Chicago Kids Company. My goal is to bring my love of acting and passion for theatre to my students. I focus on expressing yourself, finding confidence within, core acting skills, social skills, maintaining focus and fun! I look forward to continuing SFX theatre club, with this new addition to a summer session. I look forward to meeting you all, and for a very successful summer.
